

MEMBERSHIP APPLICATION

Welcome

The American Topical Association, founded in 1949, is the oldest and largest organization in the world for topical stamp collectors. Topical collecting is so popular that ATA has attracted members in 43 countries.

ATA staff and hundreds of volunteers work to provide services topical collectors need and enjoy. Let's look at some of the benefits your ATA membership will provide.

Topical Time

Your membership includes a subscription to *Topical Time*, our colorful 92-page journal, issued six times a year. It features news of the association, articles on many different topics, how-to articles about collecting and exhibiting, and much more. If you have a print membership, the journal is mailed to you. For all members, including those who choose an electronic membership, *Topical Time* is available on the ATA website. Back issues are indexed and searchable.

Topical Checklists Covering Over 1400 Topics

Topical checklists provide you with a shopping list for your topic, as well as a way to keep an inventory. They are available for more than 1400 topics, and we can even make a customized list if your topic is not included on the list. There is a small charge for checklists, but as long as you maintain your membership, you may request a free annual update. In other words, you only pay for your list once. We can email your checklist in Excel or PDF format. If you prefer, we can print and mail your list for an additional charge.

Our topical stamp database is constantly updated, with thousands of stamps added each month. New topics are also added throughout the year. Below is a sample of how your checklist will look...

Great American Stamp Show

That is the name of the large collaborative show of the American Topical Association, American Philatelic Society and American First Day Cover Society. The show, held in August, is the largest stamp show in the country, with exhibits, dealers, meetings and seminars and society booths. In addition, ATA offers social events and countless opportunities for getting to know fellow topical collectors. Show information is included in *Topical Time* and on the ATA website. This is the stamp show you won't want to miss!

Handbooks

ATA handbooks offer in-depth information on specific topics. Over the years, ATA has published 167 handbooks. The current ones are for sale at a discount to members. We also offer *What's First?*, a fascinating book that pictures and describes the first stamp issued for over 800 topics.

Most handbooks are available printed and in digital format.
